CESAR E. ZEBALLOS

Frontend Developer

cesarzeballos.pr@gmail.com | **LinkedIn** | **GitHub** | **Portfolio**

(+549) 351 7048769 | Córdoba, Argentina

I am a **Full Stack Development** graduate from Soy Henry with a special focus on **Frontend**. I have made a successful transition to **UX/UI Design**. I am also a **Business Administration** graduate with a specialization in **Finance**.

I have participated in academic projects with **TypeScript**, **React**, **Next.Js** and using libraries like **Tailwind**, **MUI** and **Bootstrap**. At the same time, I have a good command of **Figma** and knowledge in agile methodologies such as **Scrum**.

Lenguages: JavaScript, Typescript, HTML, CSS, SQL.
Frameworks: React.JS, NextJS, Tailwind CSS, Bootstrap, Material-UI (MUI), Vite, Express JS.
Data base: MySQL, PostgreSQL, MongoDB (Mongoose).
Toolkit: Git, GitHub, Vercel, Slack, Figma, Adobe Illustrator, Adobe Photoshop.
Agile Methodologies: Scrum

PROJECTS

Full Stack Web Developer | Licours

Licours is a web platform designed for users to review and discover alcoholic beverages. The development was done in **TypeScript** using **Next.js** for the frontend and **NestJS** with **TypeORM** for the backend. We implemented **Redux** for efficient global state management and **Firebase** for third-party authentication, ensuring secure and seamless access. In addition, **Express** was used to optimize the API in the backend, achieving a fast and functional user experience.

Full Stack Web Developer | Stream Games Tournaments

Stream Game Tournaments is a web platform designed for users to register and organize E-Sports tournaments. The project was developed in **TypeScript** using **Next.js** for the frontend and **NestJS** together with **Prisma** for database management in the backend. **Redux** was implemented to manage the global state of the application and **Firebase** for third-party authentication, ensuring a smooth and secure user experience. In addition, **Express** was used to optimize the APIs, providing a fast and efficient environment for both players and organizers.

WORK EXPERIENCE

Freelance | Full Stack Developer [EdTech - Remote]   August 2024 – Present

- I conduct extensive research to understand client needs, target audiences and industry trends, leading the design process from start to finish to create intuitive, visually appealing websites aligned with brand guidelines and UX/UI best practices.
- I develop responsive, cross-platform websites with modern front-end technologies such as React.js, Next.js and Tailwind CSS, ensuring optimal performance and a smooth user experience across all devices.
- I integrate back-end services and APIs using Node.js, NestJS and Prisma, ensuring seamless communication between front-end interfaces and databases.

Soy Henry | Teacher Assistant [EdTech - Remote]   March 2024 – August 2024

Academic Experience. Henry Bootcamp

- Coordinate a group of students to achieve integration into the study team.
- Assist in the resolution of exercises and promote group collaboration (Pair Programming).
- Propose ideas for the improvement of the Bootcamp processes.

Un Medio Agency | UX/UI Designer / Product Manager [Design - Remote]   April 2022 - February 2024

- Led the design of client websites using Figma, translating company branding from studio-created assets into functional, user-friendly web interfaces.
- Developed user flows and created mid- and high-fidelity wireframes to ensure seamless user experiences across digital platforms.
- Collaborated closely with developers during the development phase, providing continuous support to ensure design consistency and adherence to user-centered principles.
- Applied Atomic Design principles to build modular design systems, streamlining the design-to-development workflow and reducing project turnaround times by 30%.

Avales del Centro SGR | Credit Risk Analyst [Finance - Remote] **April 2022 - February 2024**

- Performed exhaustive analysis of the creditworthiness of clients, determining adequate amounts for the granting of credit according to their financial profile.
- Maintained direct communication with clients to gather additional information necessary for risk assessment, clarify doubts and resolve queries.
- I prepared detailed reports on the credit situation of clients, presenting key findings and recommendations for decision making.
- Monitored and evaluated the credit history of current customers, identifying potential risks and proposing corrective actions.

EDUCATION & CERTIFICATES

Web Full Stack Developer. **SoyHenry.** 2024

Bachelor in Business Administration. **Universidad Blas Pascal.** 2015-2018

Certified UX/UI Designer. **Digital House.** 2022

Certified Graphic Designer. **CoderHouse.** 2023

Certified UX Designer. **CoderHouse.** 2022

Certified Scrum Master. **Platzi.** 2023

Systems Architecture Course. **Platzi.** 2023

Design System, Multimedia Design. **Domestika.** 2022
